PRIMARY EXAMINER

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 5/20/05 has been entered.

2. The following is an examiner's statement of reasons for allowance: Reasons for allowance of claim 12 were given in previous office actions. The combination of claim 1 specifically the non-removable outlets together with the single electrical power cable connected to multiple outlets.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Miller does not disclose a single power cable for multiple non-removable outlet receptacles. Neither Wise et al or Nienhuis et al disclose tabs for mounting the receptacle in a permanent electrical wall box.
